# DEFLATE CANCER

TUESDAY 21<sup>ST</sup> FEBRUARY

THE MALL

159 High Rd, Wood Green, London N22 6YQ

9AM – 5PM

Cancer is on the rise, but so is our knowledge of it. We can only fight it by knowing what we are fighting.

**Together we can deflate cancer**

#Deflatecancer

## UCLH have teamed up with IBO Limited to run a series of cancer awareness events across London

Join us to learn about the signs and symptoms of specific cancers as you take a tour of the inflatable organs.

Our goal is to encourage men and women to become more aware of their bodies, and look out for signs and symptoms of cancer.

Learning how your body looks and feels at different times will help women and men know what is normal for them and recognise any irregular changes.
